# Access Information DAF Repair & Maintenance Information

As an IO (Independent Operator), you can request access to DAF RMI in four different ways:

1. RMI Parts:              Parts information only
2. RMI Service:            Maintenance & repair information only
3. RMI Full:               Both Parts and Service information
4. RMI Full with           Full access to Parts and Service information including Guided troubleshooting
   Guided troubleshooting:

The differences between the types of access are described in the table below.
